Is there a way to get the details of the builds like the name of the environment that was used, branch name, tag and the build time in the Jenkins job dashboard? A: No, you cannot access build history details inside Jenkins job dashboard. We can get the logs and status via log streaming/file watching, you can refer to this answer. Sen. Kamala Harris (D-CA) said during an interview that she's considering a bid for the 2020 presidential election, but if she does run, she said she won't make her decision based on whether former Vice President Joe Biden is the "front-runner" or not. "No. No. I won't be doing that at all," Harris said in an interview with PBS NewsHour's Judy Woodruff that aired on Sunday. Harris said she's considering the race, but that she wouldn't base her decision on whether Biden is the front-runner. "We want a nominee that can unify us all, that can take on Donald Trump and, you know, just be a president that we can all be proud of," she said. "We've had a lot of candidates in this race that have been running that are women and people of color, and
