7Canaries Professional is a MIDI extractor and a real-time audio converter which supports all MP3, WAV and CD formats. Compared to other software it's very easy to use, you don't need any music-specific knowledge. Just load your MIDI or CD file, set the conversion profile, select the output format and hit the start-button. The software will analyse the loaded CD or MIDI file, if needed, load it's content and convert it to the required file format. Whether you're working with a microphone, line-input or just a CD or MP3 player - 7Canaries will do a precise job and save you a lot of time. The software uses the finest algorithms to automate the process so that no human effort is needed. Features Real-time MIDI extraction and conversion with multi-language interface Real-time conversion of audio files including MP3, WAV and CD formats MIDI to wave conversion, WAV to MIDI, CD to MIDI, and MIDI to CD conversion Exceptional conversion speed, especially for CD conversions Sound quality after conversion guaranteed by VB. Multi-track and loop playing of results Removable media support COM/USB/LAN synchronization Simple but powerful MIDI editor Extensions can be applied to MIDI files Yamaha MM series music module support Exporting results to MIDI, OGG, VQF and other formats System requirements Windows Vista/XP/2000/2003/NT/ME/2000 Microsoft.NET framework 4.0 (other versions may work too) Microsoft Word, Excel or PowerPoint 2010 (for Mac users) Important notes 7Canaries is an example software that you can try. 7Canaries claims to be a real-time audio converter with a simple-to-use interface. The application is free but the evaluation version is limited to 30 days and it comes with only a 15-day trial. Although the application can be used without the evaluation version, it contains some limitations, such as only converting 15 seconds' audio files at a time and not allowing to convert MP3 files larger than 10 MB. Therefore, if you want to use it to convert longer audio files, you should buy the full version of the software. You may get the application from the developer's official site: More in-depth information may be found on the official website:
