After three days i didn't find any of the links for the program. I think that someone is messing with me. After a month i found some new links but there was nothing working. Just now i open the torrent again and it was working before I opened it. I closed the window and opened a website and found a link for the full version. but it is a 2.0 version and not a 4.0. so I decided to download the original file. Originally I downloaded a crack with a serial code. I registered it and installed the crack. I downloaded the v4.48.1000
