## Setup Bbs Tools Vip 1 0 63.rar

1.3.1 Access to the web management interface. Step 1: Enter the IP address of the LAN interface, WAN interface, or management interface of the EG router into the browser address. Typically, the IP address of the LAN interface comes with the router, and it can be seen by opening the network page in a web browser Zere. If for some reason the IP address is not indicated, you can see the settings in interface menu, or in the quick menu window in Network Settings menu. Step 2: Depending on the LAN or WAN interface, select and activate features to access router management interface. Step 3: Depending on the LAN or WAN interface,
