On some of them it crashes at startup when trying to read the file, on others it does not. Wasn't able to find a solution anywhere, so I am making a portable version of the game. I've got a problem, the video clip does not work. It's not the same as the problem on Youtube. When I first start the game, the message "game video error" appears. After that, the video goes. What should I do? Add a comment You must be signed in to post a comment. If you don't have an account yet, register now! thanks for the nfo, works fine! there are some comments which don't get posted. I think it's a problem with the forum or the website. (e.g. the new chat-forums.) I'll update the guide with a solution for this later on, but for now I haven't seen any. @whitetigre - If you can provide your GitHub or SketchUp repo-url with you work, there are several people interested in seeing it. @Zengo - I don't know if the site has an "auto-update" feature, but if you could check, it might help a lot. Thanks for using this (or any) guide! The Guide is open for new entries. While most of them are entered just for fun, some are used with a constructive purpose as a variant or mod (such as a remastered or ported version). The same goes for the Wiki and Forums
