Roblox is an online game platform and game creation system developed by Roblox Corporation that allows users to program games and play games created by other users. Created by David Baszucki and Erik Cassel in 2004 and released in 2006, the platform hosts user-created games of multiple genres coded in the programming language Lua. For most of Roblox's history, it was relatively small, both as a platform and a company. Roblox began to grow rapidly in the second half of the 2010s, and this growth has been accelerated by the COVID-19 pandemic. ...

Buuuut, to be true to my promises, I'll be uploading videos for this website again, but this time, I'll be giving you some more in depth information, since many people ask how to play the games. Things like how do you get resources, what resource to pick, what do you get from a resource, what do you do with resources, how to do a mission, what quests you can do, and basically everything else. This is mostly to help new players as well. I know for myself, I had no clue how to play. I was kinda lost on the game, so I'm going to give you some video tutorials about the things that are a bit hard to explain in text. If you have any questions, you can contact me through the website's "contact us" page. Credits to all artists, models, and models that I used in the video -----
